Note: For each class of shares issued by a company, ASIC records the details of the twenty members of the class (based on shareholdings). The details of any other members holding the same number of shares as the twentieth ranked member will also be recorded by ASIC on the database. Where available, historical records show that a member has ceased to be ranked amongst the twenty members. This may, but does not necessarily mean, that they have ceased to be a member of the company.

Note: Where the expression "Unknown" is shown, the precise date may be available from records taken over on 1 January 1991 and held by the ASIC in paper or microfiche.
